

ATMIA encourages members to serve on a variety of committees and offer your voice and ideas for the betterment of the industry. With the exception of the Board of Directors and Steering Committee, participation in committees is open to all Canada members. Each committee typically meets quarterly for one hour by conference call or webinar, and reports to the Steering Committee. To join any of these committees, contact [David Tente](#) ATMIA Executive Director USA & Americas, or [Sharon Lane](#), Global Director, Finance & Member Services.

Canada Regional Board

Organizations that join ATMIA at the Board Level automatically become members of their regional board. The Board meets four times a year and is responsible for guiding committee activities. One or more associates from each company may participate.

Canada Government Relations Committee (GRC)

The GRC serves as a forum for member organizations that are affected by government regulation at the local and national levels. Members share ideas and experiences regarding how best to deal with new legislation and compliance requirements. It is also a vehicle for advocacy.

Sign Up

To upgrade your membership to Board, Regional or Global sponsorship, contact [David Tente](#), or [Sharon Lane](#).
