

# ATM PURCHASE PROGRAM

Reducing your ATM operational cost

It is becoming more expensive for banks to run ATMs and provide their customers with cash: some banks are looking to remove ATMs from their estate, including those from proposed branch closures; other banks need to reduce significantly the OPEX cost of ATM ownership.

Euronet can help.

- Business continuity with same customer experience
- ATM cost offloaded from Bank's balance sheet
- Fully Managed / Outsourcing Service
- Buy back options

- Connectivity to Euronet's Global ATM network, offering your clients low-cost access to 55,000 ATMs
