ATM OUTSOURCING

Reduce your operational costs

Digital transformation is a strategic imperative for Banks.

The Mobile Consumer represents a major shift in banking and asks for continuous investments for mobile-first projects, branch transformations and network rationalization. Banks reconsider their ATM Channel strategies to achieve a reduction on ATM investments with less OPEX and more services.

Euronet offers a unique ATM Outsourcing Value Proposition, with:

Euronet[®]

- Proven operational experience
- More than 55.000 ATMs in 37 countries
- Superior switching and processing technology
- A flexible offering adapted to the Bank needs
- End2end responsibility of the ATM value chain
- Business continuity and same customer experience
- Reduced cost of operation
- Flexible branding options

A leader in secure
financial transactions
for 30 years.

With a global footprint and
world-class solutions we make
financial transactions easy and
affordable,
Any time, Any place.

TECHNOLOGY ■ OPERATIONS ■ GLOBAL NETWORK ■ PARTNERSHIP

COST REDUCTION

Through our ATM operational expertise, ATM Network optimization and economies of scale we achieve a minimum of 30% cost reduction.

BUSINESS CONTINUITY

Bank ATM Branding is maintained ensuring continuity of user experience. Optionally the Bank can have control of planning, selection of ATM locations.

FLEXIBILITY

ATM Outsourcing can be delivered with End2End responsibility or in modularity. EURONET can flexibly accommodate parts of the ATM Value Chain, if requested by the Bank.

SUPERIOR TECHNOLOGY

With our REN Platform we power our global operations and our customers business processes. A unique state-of-the-art technology that connects the physical and digital assets of the payments landscape.

SERVICE PACKAGE

DESCRIPTION

ATM Switching

- We offer our unique Switch Technology and gateway services to drive Bank's ATMs.

ATM Transactions Processing

- In addition to ATM Switching we manage transaction processing at the ATM level with our unique Multivendor Software technology.

ATM Managed Services

- We undertake full responsibility of the ATM that includes monitoring, maintenance and availability services but also cash management, forecasting and dispatching.

ATM Channel OS

- We undertake full responsibility of the ATM Channel, that includes also Site Selection planning and execution services. This option is further combined with our ATM Pooling offering that may included ATM Asset Acquisition.
