

NCR SelfServ™ 63

Interior lobby cash recycler with check accept

More ways of transacting

In today's banking world all channels are connected more than ever before. Mobile, online, branch or call centre. The ATM is no different and can be key in accelerating digital transformation through self-service.

Introducing the SelfServ 63, a cash recycler with check accept that has been designed to couple a small footprint with maximized functionality.

Its digitally inspired interface helps enable more interactions and transactions via NCR's flexible Software Suite.

Experience more digitally-inspired secure methods of authentication coupled with NCR's flexible SW Suite to deliver a highly personalized customer experience.

Reach more customers in more locations. This compact cash recycling and single check deposit ATM can meet your customers' needs anytime, anywhere.

Service faster thanks to simplified parts for improved first line maintenance and service enhancements to field replaceable units for greater uptime and availability.

Secure your investment with the latest hardware and software innovations. Ensure the highest standard of security in the market.

Key features

- 15" or 19" multi-touch display
- Cash Recycling and check accept — Global Bunch Recycling Unit and Check Acceptor within a single footprint, compact ATM
- Tamper-resistant card reader as standard — enhanced security options.
- Contactless Card reader integrated for more digitally-inspired authentication methods
