Good to Know

- Caesars Palace is a union facility, and Encore is the exclusive provider for All AV Rentals, electrical, internet, labor, and rigging here.
- Encore is the exclusive union payroll provider; our crew handles all monitor hangs during setup and teardown to ensure safety and venue compliance.
- Outside vendors (including EACs, I&D companies, Teamsters, and AV company rentals) cannot bring, install, or operate rented AV and LED video equipment here. It must come through Encore.
- If the exhibitor owns the LED video wall, Encore must be notified for occupational safety and union labor compliance before we can provide power. Any other rented LED video walls must be sourced through Encore. Contact Elizabeth Jaimes [**elizabeth.jaimes@encoreglobal.com**] for more options or any questions.

Need more than 2 power drops? *Please email CaesarsPalaceExpo@EncoreGlobal.com to arrange your order.*

AV Setup, Rigging & Getting Help

Who does what, how to request extras, and who to contact along the way.

Who Sets Up Your rented AV Equipment?

- Encore's crew handles all AV setup and teardown, including screens, monitors, lighting, audio, LED video walls and any other AV equipment.
- Outside companies (EACs, I&D companies, Teamsters, AV rental companies) cannot bring or set up AV gear.

Need Power for Your Booth?

- Each power location needs its own outlet; send us a scaled floor plan with booth dimensions, orientation, outlet locations, and wired internet drop locations.
- Your team or booth-building company can place the order; our electricians handle setup before the show starts.
